31	-SOFTWARE, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGE.		

33 ■■■■■ PATENTS			
...	@@ -1,33 +0,0 @@		
1	-Additional Grant of Patent Rights Version 2		
2	-		
3	-"Software" means the React software distributed by Facebook, Inc.		
4	-		
5	-Facebook, Inc. ("Facebook") hereby grants to each recipient of the Software		
6	-"(you)" a perpetual, worldwide, royalty-free, non-exclusive, irrevocable		
7	-(subject to the termination provision below) license under any Necessary		
8	-Claims, to make, have made, use, sell, offer to sell, import, and otherwise		
9	-transfer the Software. For avoidance of doubt, no license is granted under		
10	-Facebook's rights in any patent claims that are infringed by (i) modifications		
11	-to the Software made by you or any third party or (ii) the Software in		
12	-combination with any software or other technology.		
13	-		
14	-The license granted hereunder will terminate, automatically and without notice,		
15	-if you (or any of your subsidiaries, corporate affiliates or agents) initiate		
16	-directly or indirectly, or take a direct financial interest in, any Patent		
17	-Assertion: (i) against Facebook or any of its subsidiaries or corporate		
18	-affiliates, (ii) against any party if such Patent Assertion arises in whole or		
19	-in part from any software, technology, product or service of Facebook or any of		
20	-its subsidiaries or corporate affiliates, or (iii) against any party relating		
21	-to the Software. Notwithstanding the foregoing, if Facebook or any of its		
22	-subsidiaries or corporate affiliates files a lawsuit alleging patent		
23	-infringement against you in the first instance, and you respond by filing a		
24	-patent infringement counterclaim in that lawsuit against that party that is		
25	-unrelated to the Software, the license granted hereunder will not terminate		
26	-under section (i) of this paragraph due to such counterclaim.		
27	-		
28	-A "Necessary Claim" is a claim of a patent owned by Facebook that is		
29	-necessarily infringed by the Software standing alone.		
30	-		
31	-A "Patent Assertion" is any lawsuit or other action alleging direct, indirect,		
32	-or contributory infringement or inducement to infringe any patent, including a		

33

-cross-claim or counterclaim.

1 comment on commit b765fb2

xgqfrms-GitHub commented on b765fb2 41 seconds from now

it's not too late to do this change!

So, I can freely use it again!
